Adding excellence to your **Brand**

Manufacturer & Exporter of
PVC Shrink Label Film

Elegant **Shield** for Brand's
Build

Company Introduction

Beauty attracts; be it a person's beauty, nature's beauty or product's beauty. Manner, in which a product is packed and presented for sale, has a huge impact on customers. Survey has proved that products with attractive, eye-catching & high-quality packaging have higher chances of being selected than products with inferior appeal, even though prices may be slightly on the higher side.

We at **CENTROIID** simply assist you in creating your branding on labels much more appealing & elegant. **CENTROIID** is an emerging leader in the field of Blown PVC Shrink Label Film manufacturer dealing in Quality PVC Shrink Label Film. Established in the year 2016 with the capacity of around 100 Tons and now after expansion, we are the largest manufacturer carrying capacity more than 250 Tons per month with maximum width 1000mm and dedicated to delivering high-end products for PVC Shrink Label Manufacturers. **CENTROIID** works strictly in the principle of consistently high-quality and Timely Delivery of work orders hence truly 'Adding excellence to your Brand' as our Motto.

We ensure the best quality of products with our exclusive imported machinery. This advanced machinery with the latest technology will ensure PVC Film with unmatched quality, production volumes, and precise specifications. We are geared to add value to our customers' products in a given time frame.

Human Capital

We believe that our human capital is our greatest strength, in this competitive era, every company knows the strategy of their rivals, but none can replicate it, this is because of the integrated skill set of the organizations. We groom our people in such a manner that, they become ready to take up any kind of challenge in the future. We encourage our team to take up the new initiative and make it happen!!!

We heartily invite all enthusiastic and talented people to join hands with us on this exciting journey. We ensure abundant opportunities for the dreams of employees to come true.

Our Team

We believe that the right team is key to success. At **CENTROIID** we have a team of professionals having expertise in this field. All team members are experienced enough to take the right decision in favor of the company to take it ahead of the competition. We have highly skilled manpower who have prior experience in handling and operating machinery. Also, our experienced and highly qualified team of experts can provide a prompt solution to your particular needs. Our company's core strength is OUR TEAM, the Knowledge of experts and hard work from other workers nurture our company to grow and flourish & stay ahead of times.

Value to our Customers

At **CENTROIID Plastopack Industries**, we aim at exceeding the expectation of customers by providing them quality PVC Shrink Label Film as per their customized requirement. Product Packaging

At **Centroid Plastopack Industries**, we believe that high quality packaging is the first step towards setting the benchmark in producing high quality products and therefore we follow industry best packaging standard/practice and material for the protection considering the sensitivity of the material and global market reach.

Storage Instructions

PVC Shrink Label Film is heat sensitive. It should be kept in its original packing at room temperature below 30 degrees. Avoid exposure to direct sunlight. Lay flat quality may deteriorate after long storage depending on film type, roll length and storage conditions. For best results, use the material within 60-90 days from the date of dispatch of material subject to ample storage/temperature conditions.
